

Visitor Management

Protect My People. Manage My Operations.

Create a professional, safe, and inviting visitor experience.

Managing who enters and leaves your building can be quite time-consuming and costly. And without automation, you could have long wait times, a cumbersome process for your visitors leading to a poor experience, as well as potential risk to your employees.

STANLEY Security's visitor management system [powered by CloudGate] helps workplaces, both large and small, ramp up operational efficiencies, foster a healthier workplace environment, and enforce compliance by automating visitor screening and check-in policies.

Challenges

- Long wait times for visitors
- High costs to staff entrances
- Manual / cumbersome processes
- Meeting compliance requirements
- No visibility into visitor schedules and volumes

Benefits

- Quick and smooth visitor experience
- Save on costs by reducing work hours with automated processes
- Eliminate the need for paper and digitize the visitor experience
- Streamline and automate operations
- Easily gain insights through dashboards and reports on visitor analytics

“Visitor management is no longer just about the visitor; it’s about managing any individual crossing your organization’s threshold.”

-John Skowronski, President, Sales & Operations,
North America, STANLEY Security

Visitor Management

Connect insights with security through an integrated, scalable, and flexible platform.

With an integrated and automated visitor management solution, you can create an exceptional visitor experience and reduce costs by no longer needing guards and front desk staff around the clock. And a visitor management system can help ensure the health and safety of those inside your building by only allowing those who pass your screening protocols to enter your facility.

- **Streamlined Processes:** Eliminate manual steps and the need for paper or dedicated staff by streamlining and digitizing processes, workflows, and reports.
- **Scalability:** Start with one or one hundred sites. Visitor management can grow as your business grows.
- **Integrated:** Using your existing security infrastructure, minimal equipment is needed.
- **History + Expertise:** STANLEY Security has been providing global security solutions and expertise for over 30 years to more than 700,000 buildings.
